Quick Facts

- This is a commitment, however, it is not as involved as an internship—contact is spread throughout the two years.
- This is a competitive program—students will be matched based on the requirements mentors have indicated, an application, resume and faculty recommendation form.
- This is a worth-while program! Previous mentor relationships have resulted in students gaining a competitive edge in their job search, internships at their mentor's organization and some students received job offers!
- Juniors that are going abroad will be considered on a case-by-case situation, however the opportunity will go to a student that is NOT going abroad if possible.

The Application Process

- Review full details of the mentor program at www.providence.edu/career/mentor..
- Visit Career Services to review the full profiles and any requirements mentors may have.
- Complete the application and ask a faculty member to complete the recommendation form (it can be a club advisor or academic advisor).
- Drop off your application and a copy of your resume to Career Services by September 30th.
- The Faculty recommendation form must be sent by the faculty member via mail or email to Stacey Moulton.
