

SUMMARY OF ACTIONS TAKEN BY THE
NCAA DIVISION I COMMITTEE ON ATHLETICS CERTIFICATION

Providence College

As part of its February 18-20, 2009, meeting, the NCAA Division I Committee on Athletics Certification reviewed written materials related to the self-study of athletics completed by Providence College.

Certification Status

Based on the information submitted, the committee determined that your institution should be **certified**.

This classification means that your institution is considered to be operating its athletics program in substantial conformity with operating principles adopted by the Association's Division I membership and that any problems identified during the course of the self-study and the peer-review team's evaluation have been corrected or were not considered to be serious enough to affect your institution's certification status.

The committee recognizes that the peer-review team made a good-faith effort to review issues regarding your athletics program. Additionally, the peer-review team may have offered various opportunities for enhancement to improve your institution's athletics program. Your institution should feel free to review those comments to consider the extent to which they are consistent with the operating principles and would improve the quality of the athletics program. Your institution is obligated to take specific actions; however, only for those plans for improvement developed by your institution.

The committee received your institution's self-study report and any subsequent responses with the understanding that any plans for improvement outlined by your institution will be implemented according to the deadlines your institution has established.

The committee hopes that the athletics certification process has helped to educate individuals across the campus about the goals and purpose of the intercollegiate athletics program, revealed the aspects of the athletics program that are worthy of praise and provided an opportunity to improve the intercollegiate athletics program.
