

### **Call for Contributed Papers**

Participants at the Fall Meeting of the section are invited to submit contributed papers. We are particularly interested in papers that will appeal to a variety of participants. If you are planning to speak about results of your research, keep in mind that the audience most likely will not be familiar with your specialty, so you will want to give some motivation and context for your work. Your presentations should be approximately 15 minutes in length. Please send an abstract and your mailing address together with a list of any special equipment you may need to Rob Poodiac at [rpoodiac@norwich.edu](mailto:rpoodiac@norwich.edu) or (802) 485-2339. Email submissions are preferred, but you may also send a typed submission to Rob Poodiac; Department of Mathematics; Norwich University; 158 Harmon Drive; Northfield, VT 05663. The deadline for submission of abstracts is November 1.

### **Call for Graduate Student Papers**

**GRADUATE STUDENTS**, full-time and part-time, are invited to present papers on topics in mathematics, statistics, or computer science. Graduate students at any stage of their graduate work are welcome to give a presentation during the session. The presentations, approximately fifteen (15) minutes in length, can be given on expository work, research projects, variations on intriguing proofs, interesting problems in mathematics, work derived from periodicals, employment experiences, summer/independent research experiences, or parts of or work related to Master's or Doctoral research projects. The registration fee and the cost for Saturday lunch will be waived for one graduate student presenter per paper. Interested graduate students should contact Sarah Mabrouk, [smabrouk@frc.mass.edu](mailto:smabrouk@frc.mass.edu), for more information. The deadline for submission is Friday, November 4th. Details are available on the Section web site, [http://www.framingham.edu/faculty/smabrouk/NES\\_MAA/Grad/](http://www.framingham.edu/faculty/smabrouk/NES_MAA/Grad/).

### **Call for New Colleagues Talks**

New faculty participating the Northeastern Section Fall MAA meeting are invited to submit papers for the New Faculty session. The purpose of these talks is to introduce you to the section. These talks should focus on either your research or pedagogical activities. If you are giving a talk on your research, please remember that there will be people in the audience that are unfamiliar with your research area so it might be helpful to give some background and motivation. Your presentations should be approximately 15 minutes in length. Overhead projectors and computers with projection capabilities may be available. Please send a 25 word or less abstract, any special equipment needs you may have and your mailing address to Chris Aubuchon at [aubuchoc@badger.jsc.vsc.edu](mailto:aubuchoc@badger.jsc.vsc.edu). Email submissions are preferred, but you may also send a typed submission to

Chris Aubuchon  
Department of Mathematics  
Johnson State College  
337 College Hill  
Johnson VT 05656

The deadline for submission of abstracts is November 1.
